Entscheid im Informalturnier Gaudium 2011/2012 fairy Preisrichter: Bas de Haas (NL, Driebergen)

In 2011 and 2012 54 fairy problems were to be judged. According to my taste most problems had a fairly good level and a few ones were rising clearly above the other ones. I did not find any inferior problem in the series.

My standards in judging were: Something special, out of the usual, is required to receive an award, and lucidity and transparency must be present; technical skill, however cleverly used, does not convince me. Judgment was not easy as the variety in fairy elements was enormous. My ranking is as follows:

| | | |
|--|--|--|
| 1st prize Franz Pacht 772 Gaudium (122) 08/12 | 2nd prize Pierre Tritten 715 Gaudium (117) 04/12 | 3rd prize Manfred Ernst 761 Gaudium (121) 06/12 |

| #2 PWC (7+8) c2=Camel h4=Nightrider | h#2 3 solut. (5+14) Take & Make | s#6 Maximummer (5+7) |

1st prize: No. 772, Franz Pacht

A very original problem with transmitting modern theme's from orthodox twomovers into the fairy field. Changed mates between the try 1.c8CA? f3! and the solution 1.c8N! show a splendid unity. A masterpiece! 1.c8CA? (2.CAf3# A), 1. .. Saxc8(+wCAa7) 2.Nf8# B, 1. .. Sbx8(+wCAb6) 2.Rg6# C, but 1. .. f3! 1.c8N! (2.Nf8# B), 1. .. Saxc8(+wNa7) 2.Rg6# C, 1. .. Sbx8(+wNb6) 2.CAf3# A

2nd prize: No. 715, Pierre Tritten

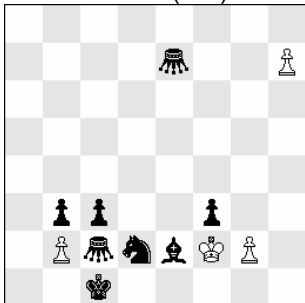

An admirable threefold cyclic Zilahi with turning roles for the three white officers as they mate, control flights and are captured. 1.Rxf1-a6 Rxc6-c7+ 2.Kb5 Sxh3-a3#, 1.Rxf4-g2 Kxc8-d7 2.Kd5 Rxf6-f5#, 1.Bxe6-e5 Bxh3-h6 2.Kd6 Bf8#

3rd prize: No. 761, Manfred Ernst

Switchbacks in helpmates are well-known, but are rare in selfmates. This problem shows the switchback no less than five times, by the white royal couple and the three black officers. Cleverly constructed problem that I have regarded with pleasure. 1.Bh5 Bf4 2.Qa4+ Sd4 3.Kxg7 Bh3 4.Qe8+ Be6 5.Bg6+ Sf5+ 6.Kf8 Bh6#

1st Honorable Mention

Alex Lehmkühl
556 Gaudium (106) 02/11

ss#17 (4+8)
c2,e7=Grasshopper

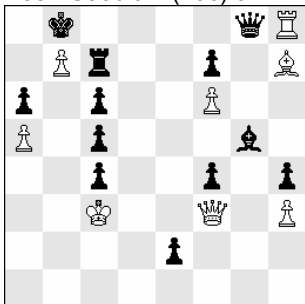

1st H. M.: No. 556, Alex Lehmkühl. A beautiful series selfmate with a very pointed order of moves and double check as white's last move. A playful problem. Personally I would have preferred the white pawn on g7 in stead of g2. The solution would be shortened by four moves. But that is a matter of taste. 1.g4 .. 5.g8Q 6.Qxb3 7.Qg8 .. 12.b8G 13.Gh8 14.Qg5 15.Gh6 16.h8G 17.Qg1++ Sf1#

2nd H. M.: No. 736, Juraj Lörinc. In this problem two very accurate orders of moves with an astonishing final position. An amazing twin with very little pieces. a) 1.Kc5 2.Sd6 3.Se4 4.Kd5 5.Sf6 6.Ke4 7.Kf4 8.Sh5 .. 11.g3 12.Kg4 13.Sf6 14.Kh3 Gf3#, b) 1.Ka5 2.Kb4 3.Sb2.. 5.c3 6.Sd3 7.c2 8.Kc3 9.c1Q 10.Kd2 11.Ke1 12.Qf4 13.Qh2 14.Kf1 Gh3#

3rd H. M.: No. 714, Jozef Holubec. Beautiful problem with two merits: the key and the seeming freedom of the knight in the solution 1. .. Kc1. A pity that in both solutions 3. Qg4 is the final move. 1. .. Bg2+ 2.Bxf3(+wPf2) Qxf3+ 3.Sxg2(+wBf1) Qg4=, 1. .. Kc1 2.Sxf3(+wPf2) Bg2+ 3.Sg5 Qg4=

4th Honorable Mention

Milimir Babic
557 Gaudium (106) 02/11

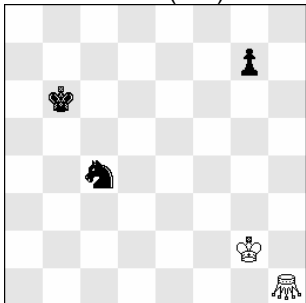

sh=29 (8+12)

4th H. M.: No. 557, Milimir Babic. Cleverly constructed series helpmate that ends into a double pinmate. The AUW causes a large number of pieces to be rounded up in the left upper corner. 1.e1S 2.Sxf3 3.Se5 .. 6.f1Q 7.Qxf6 8.Qfd8 .. 13.f1B 14.Bxh3 15.Bc8 .. 18.h1R 19.Rb1 20.Rbxb7 21.Ra7 22.Bb7 .. 24.Kd7 25.Qa8 26.Qgb8 27.Bd8 28.Kc8 29.Sd7 Bf5=

672 Gaudium (114) 12/11

h#2 2 sol. Einstein. (5+7)

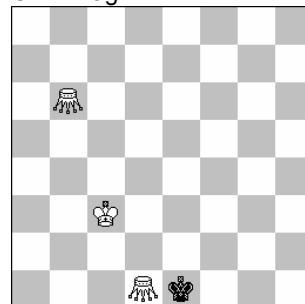

4th Comm.: No. 672, Valerio Agostini + Antonio Garofalo. Charming problem with obvious unity in the solutions. 1.Qf4(=bR)+ Kh3 2.Re5(=bB) fxg3(=wS)#, 1.Rf4(=bB) d4 2.Qf5(=bR) f3#

Im Namen aller Gaudium-Problemfreunde bedanke ich mich herzlich bei Bas de Haas für den zügig erstellten sachkundigen Preisbericht. Da über die Hälfte der Leser von Gaudium ohnehin Deutsch nicht als Muttersprache haben, hielt ich es nicht für notwendig, den Bericht zu übersetzen. Eventuelle Einwände bis 30. September an mich. Ich gratuliere allen Ausgezeichneten!
