Драги проблемски пријатели,

Во овој број воведниот збор на уредникот ќе биде вон проблемскиот шах.

На почетокот на новиот милениум во нашата земја се случуваат нешта кои се вон секаква логика; војна, окупирани територии и блокади кои го спречуваат нормалното кому-ницирање, од страна на албанските терористи (банди), кои палат, уништуваат, киднапираат и силуваат, а во очите на светот се преставуваат како божедни борци за некакви човекови права, а на своите прес конференции, да биде иронијата поголема, ги одржуваат под знамињата на: ЕУ, САД и НАТО ... па следејќи ја шаховската логика, кога некој се представува под тие симболи може да се рече дека истите се нивна композиција! Знам дека ќе речете, што има пак ова врска со проблемскиот шах и нашето списание? Па самото име на сисанието и уредниците Б. Милошески, З. Михајлоски и Б. Витановски се од Вратница, а првите двајца само неколку часа престојувала таму за 6 месеци да ги видат своите родени домови, каде ги направија и првите чекори на проблемскиот шах.

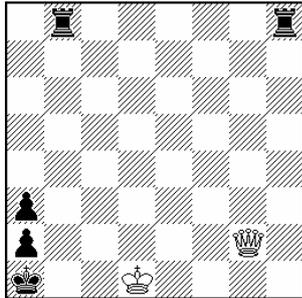

Dear problem friends

The introduction in this issue will be out of problem chess.

At the begening of the new millenium our country is faced with different kind of problems; war, occupied territories, blockades by albanian terrorist who are ruining, kidnaping, raping and in the eyes of the world presenting theirsself as a fake fighters for human rights, holding their conferences with flags of the EU, USA, NATO flattering . . . So, following the chess logic, when someone is presenting himself with some symbols, that means that they are his own composition! I know you are going to ask yourself, what is the relationship beetween our political situation and the problem chess and our magazine? Well, Vratnica is the name of our magazine and also the native village of the editors B.Miloseski, Z. Mihajloski and B.Vitanovski and the first two of them spent only couple of hours there in the last six months, to see their native houses, places where they made their first steps in the problem chess, too.
